Finance

Nico van der Wijst

Finance Nico van der Wijst

By providing a solid theoretical basis, this book introduces modern finance to readers, including students in science and technology, who already have a good foundation in quantitative skills. It combines the classical, decision-oriented approach and the traditional organization of corporate finance books with a quantitative approach that is particularly well suited to students with backgrounds in engineering and the natural sciences. This combination makes finance much more transparent and accessible than the definition-theorem-proof pattern that is common in mathematics and financial economics. The book's main emphasis is on investments in real assets and the real options attached to them, but it also includes extensive discussion of topics such as portfolio theory, market efficiency, capital structure and derivatives pricing. Finance equips readers as future managers with the financial literacy necessary either to evaluate investment projects themselves or to engage critically with the analysis of financial managers. Supplementary material is available at www.cambridge.org/wijst.

From reader reviews:

Tracy Zapata:

Book is usually written, printed, or illustrated for everything. You can learn everything you want by a e-book. Book has a different type. As we know that book is important issue to bring us around the world. Close to that you can your reading proficiency was fluently. A reserve Finance will make you to become smarter. You can feel far more confidence if you can know about everything. But some of you think this open or reading a new book make you bored. It isn't make you fun. Why they might be thought like that? Have you searching for best book or suited book with you?

Lisa Bentley:

In this 21st one hundred year, people become competitive in every single way. By being competitive at this point, people have do something to make these people survives, being in the middle of often the crowded place and notice by surrounding. One thing that oftentimes many people have underestimated that for a while is reading. Yep, by reading a reserve your ability to survive enhance then having chance to remain than other is high. For yourself who want to start reading a book, we give you this kind of Finance book as nice and daily reading e-book. Why, because this book is greater than just a book.

John Kirk:

Playing with family in a very park, coming to see the water world or hanging out with friends is thing that usually you may have done when you have spare time, then why you don't try factor that really opposite from that. Just one activity that make you not experience tired but still relaxing, trilling like on roller coaster you already been ride on and with addition details. Even you love Finance, you could enjoy both. It is great combination right, you still desire to miss it? What kind of hangout type is it? Oh seriously its mind hangout people. What? Still don't obtain it, oh come on its named reading friends.

Billy Doyle:

In this age globalization it is important to someone to acquire information. The information will make a professional understand the condition of the world. The health of the world makes the information simpler to share. You can find a lot of recommendations to get information example: internet, magazine, book, and soon. You can view that now, a lot of publisher this print many kinds of book. Typically the book that recommended to your account is Finance this guide consist a lot of the information with the condition of this world now. This kind of book was represented how can the world has grown up. The dialect styles that writer use for explain it is easy to understand. Often the writer made some study when he makes this book. Honestly, that is why this book ideal all of you.
