Living continuously in Iran for over 2700 years, Jews have played an integral role in the history of the country. Frequently understood as a passive minority group, and often marginalized by the Zoroastrian and succeeding Muslim hegemony, the Jews of Iran are instead portrayed in this book as having had an active role in the development of Iranian history, society, and culture. Examining ancient texts, objects, and art from a wide range of times and places throughout Iranian history, as well as the medieval trade routes along which these would have travelled, *The Jews of Iran* offers in-depth analysis of the material and visual culture of this community. Additionally, an exploration of more modern accounts of Jewish women's experiences sheds light on the social history and transformations of the Jews of Iran from the rule of Cyrus the Great (c. 600–530 BCE) to the Iranian Revolution of 1978/9. This long view of the Jewish cultural influence on Iran's social, economic, and political development makes this book a unique contribution to the field of Judeo-Iranian studies and to the study of Iranian history.
