A Curse Unbroken: A Weird Girls Novel Cecy Robson

Fans of Keri Arthur will love the Weird Girls, four sisters cursed with supernatural powers. In Cecy Robson's latest urban fantasy romance, the search is on for an unholy grail, while evil is licking its wounds—and looking for revenge.

The preternatural world is changing. After a massive magical throwdown tore apart the established order, the dark elements are rebuilding their ranks unopposed. Celia Wird's world is changing, too. She's the mate of the pureblood *were* Aric, and his Warriors are honor-bound to protect her family as she and her sisters recover from unimaginable horrors.

Celia hesitates to reveal the true extent of the Wird sisters' trauma, but they aren't the only ones keeping secrets: Aric and the werewolf Elders are tracking a stone that grants limitless power. So is a tough coven of witches. Then Misha, a master vampire with his own plans for the stone, sends Celia after it. Can she and the vamps beat both the *weres* and the witches to the treasure before it falls into the wrong hands?

Fearing for Celia's safety, Aric begs her to stay out of the hunt. What they don't realize is that they're the ones being hunted. But Celia's ready to prove that she's not easy prey.
