Feng Shui, Arte & Ciencia (Alternativas / Alternatives) (Spanish Edition) Paul Henderson

El Feng Shui es un arte milenario y místico, surgido hace más de 5000 años en la China rural. Dedicado a determinar el emplazamiento físico de las casas, también permite establecer cuál es el sitio energéticamente indicado para ubicar luces, muebles y objetos. Su objetivo es claro y preciso: armonizar el entorno, lo externo, con el interior de los seres humanos. Así, el Feng Shui nos provee de una serie de fórmulas concretas, que aplicadas con sabiduría posibilitan que la energía fluya, que nos sintamos bien, libres de bloqueos o malestares. Llevando a la práctica sus principios, podremos implementar cambios y hacer que el sitio en que vivimos se vuelva especial y único. A lo largo de las páginas de este libro –cuyo autor es reconocido internacionalmente como un experto en el tema–, nos adentraremos en las formas profundas del Feng Shui, comprendiendo primero qué es el yin y el yang, qué significa la armonía y el equilibrio para la cultura china, la vinculación con la numerología y el I-Ching, y cuáles son los poderes de los cinco elementos, para luego ofrecer fórmulas prácticas que nos permitirán armonizar nuestros hogares y nuestra vida.
