**Riforma organica del sistema tributario in Italia - Una proposta sostenibile (Italian Edition)** Giuseppe Incarnato

Un libro che si pone l'obiettivo di formulare una proposta riformatrice e innovativa del sistema tributario in Italia. Un'unica tassa, la multifat tax, un unico sistema di riscossione, un'unica legge che regola il rapporto tra Fisco e cittadino. Un'unica aliquota sui redditi del 30% e sugli scambi del 10% ed un sistema di prelievo regolato con i Rid mensili sui conti correnti di cittadini ed imprese. Via tutto il resto! Detrazioni deduzioni, progressività lunari, incentivi inutili, crediti di imposta ed agenzie fiscali sospette. Possibile? Sì a parere dell'autore. E' l'utopia possibile che in Italia può avverarsi, come già avvenuto in altri Stati, a condizione che la macchina Statale acquisisca la consapevolezza che sta strangolando l'economia privata sulla quale essa stessa si regge.
