A Student's Guide to the Core Curriculum (ISI Guides to the Major Disciplines)

Mark C. Henrie

A Student's Guide to the Core Curriculum (ISI Guides to the Major Disciplines) Mark C. Henrie
College students today have tremendous freedom to choose the courses they will take. With such freedom, however, students face a pressing dilemma: How can they choose well? Which courses convey the core of an authentic liberal arts education, transmitting our civilizational inheritance, and which courses are merely passing fads? From the smorgasbord of electives available, how can students achieve a coherent understanding of their world and their place in history? In a series of penetrating essays, *A Student's Guide to the Core Curriculum* explains the value of a traditional core of studies in Western civilization and then surveys eight courses available in most American universities which may be taken as electives to acquire such an education. This guide puts "the best" within reach of every student.

From reader reviews:

Sheila Donovan:

Spent a free time and energy to be fun activity to try and do! A lot of people spent their free time with their family, or their particular friends. Usually they undertaking activity like watching television, planning to beach, or picnic inside the park. They actually doing same thing every week. Do you feel it? Will you something different to fill your current free time/ holiday? May be reading a book could be option to fill your free time/ holiday. The first thing that you will ask may be what kinds of publication that you should read. If you want to try look for book, may be the book untitled A Student's Guide to the Core Curriculum (ISI Guides to the Major Disciplines) can be very good book to read. May be it might be best activity to you.

Robert Pinkerton:

Are you kind of busy person, only have 10 or maybe 15 minute in your day time to upgrading your mind expertise or thinking skill even analytical thinking? Then you are receiving problem with the book as compared to can satisfy your limited time to read it because all of this time you only find book that need more time to be learn. A Student's Guide to the Core Curriculum (ISI Guides to the Major Disciplines) can be your answer given it can be read by anyone who have those short spare time problems.

Ann Yoho:

Is it you who having spare time subsequently spend it whole day through watching television programs or just telling lies on the bed? Do you need something new? This A Student's Guide to the Core Curriculum (ISI Guides to the Major Disciplines) can be the response, oh how comes? A fresh book you know. You are therefore out of date, spending your spare time by reading in this fresh era is common not a nerd activity. So what these publications have than the others?

Vincent Mickens:

What is your hobby? Have you heard in which question when you got learners? We believe that that query was given by teacher to their students. Many kinds of hobby, Every individual has different hobby. And you know that little person similar to reading or as looking at become their hobby. You must know that reading is very important and also book as to be the matter. Book is important thing to include you knowledge, except your teacher or lecturer. You will find good news or update concerning something by book. Different categories of books that can you go onto be your object. One of them are these claims A Student's Guide to the Core Curriculum (ISI Guides to the Major Disciplines).
