Perfect for fans of *Divergent* and *The Matrix*, *Chasing Before* follows Felicia as she grapples with a futuristic afterlife in this riveting sequel to *The Memory of After*.

It's been four months since Felicia saved Level Two from the Morati, the corrupted angels who trapped her and her boyfriend, Neil, in the afterlife. Now she and Neil have moved on to Level Three, an afterlife training facility where humans pick a career to pursue until they retire to the next level. But when Felicia learns some shocking truths about her life, she begins to question everything. Neil wants to focus on the future, but Felicia is willing to do anything to find answers about her past—even if that means seeking out Julian, her charming former love interest and an ex-Morati.

Just when Felicia thinks things can't get any more complicated, deadly explosions begin to rock Level Three and the Morati, disguised as human trainees, are the main suspects. When given the choice, will Felicia do everything in her power to expose the Morati and save Level Three? Or will she chase after the desires of her heart and risk losing her past humanity, her present afterlife, and a future with Neil?
