Comparative Perspectives on Gender Violence: Lessons From Efforts Worldwide (Interpersonal Violence)

Comparative Perspectives on Gender Violence: Lessons From Efforts Worldwide (Interpersonal Violence)

The United States has uncritically exported its law and policy on gender violence without regard to effectiveness or cultural context, and without asking what we might learn from efforts to combat gender violence in the rest of the world. This book asks that question. *Comparative Perspectives on Gender Violence: Lessons From Efforts Worldwide* documents the global scope of gender violence, from countries where the legal response is just emerging to countries with longstanding law and policy regimes. Informed by international human rights law, *Comparative Perspectives on Gender Violence* examines policy successes and failures and grassroots efforts to elicit a robust and proactive response from China to Chile. From the work of local activists to stem the tide of sexual and intimate partner violence after the Haitian earthquake of 2005, to the efforts to eradicate dowry-related violence in India, to the public education campaigns to prevent domestic violence in Scotland, *Comparative Perspectives on Gender Violence* offers a comprehensive vision of efforts around the world to eradicate gender based violence. Featuring the work of leading gender violence academics and activists around the world, *Comparative Perspectives on Gender Violence* provides a new lens through which to consider U.S. efforts to address gender violence.
