This carefully crafted ebook: “The Idiot (The Unabridged Eva Martin Translation)” is formatted for your eReader with a functional and detailed table of contents. This is the version based on the unabridged Eva Martin translation.

The Idiot is a novel written by Fyodor Dostoyevsky. It was first published serially in The Russian Messenger between 1868 and 1869. In The Idiot Dostoevsky hoped to portray the ideal of a man who wishes to sacrifice himself for others. Prince Myshkin is a sort of Russian Christ who represents the values Dostoevsky deemed the highest and most noble: altruism, meekness, kindness, and brotherly love. As Dostoevsky saw sexual passion as inherently selfish, it is not surprising that Prince Myshkin is a completely asexual character. Though he develops romantic feelings toward Aglaya, he subordinates them to a higher ideal of pity and compassion that he expresses in his relationship with Nastassya Filippovna. Facing the "dark world" of corruption and moral decay that he meets in society, he inevitably perishes.

Fyodor Mikhailovich Dostoyevsky (1821 – 1881) was a Russian novelist, short story writer, essayist and philosopher. Dostoyevsky's literary works explore human psychology in the context of the troubled political, social, and spiritual atmosphere of 19th-century Russia. Many literary critics rate him as one of the greatest and most prominent psychologists in world literature. The Idiot is ranked beside some of Dostoyevsky's other works as one of the most brilliant literary achievements of the "Golden Age" of Russian literature.
