La maestra y el Nobel (Spanish Edition) Beatriz Parga

"La primera mujer que me fascinó fue la maestra que me enseñó a leer". Gabriel García Márquez, Premio Nobel de Literatura, 1982

En el pequeño poblado de Aracataca, Colombia, un niño de apenas cinco años de edad vive fascinado por las historias que le cuenta su maestra, Rosa Fergusson, quien le enseña a leer, a escribir y, con ello, lo encamina para que descubra su verdadera vocación: la literatura. Este niño, cuyo nombre es Gabriel García Márquez, ganará décadas después el Premio Nobel de Literatura y se convertirá en una de las figuras más relevantes de la narrativa en el siglo XX, con amplio reconocimiento en todo el mundo. Esta biografía novelada recrea la entrañable historia de aquellos años de formación, vistos a los ojos de la maestra, y nos presenta al autor de *Cien años de soledad* más íntimo y vivo que nunca.

"Beatriz Parga ha novelado de forma seductora la larga vida de Rosa Fergusson, la mujer que le enseñó las primeras letras a Gabriel García Márquez. El libro es importante para entender algunas de las claves de los personajes a los que luego diera vida el famoso escritor colombiano".

Carlos Alberto Montaner

"Beatriz Parga ha escrito un delicioso texto sobre un personaje muy importante en la infancia de García Márquez: su primera maestra. A lo largo de estas páginas, el lector no sólo recorre el paisaje natural y humano de las dos Aracatacas, la verdadera y la mítica, sino también la relación entre dos vidas vinculadas por un poderoso secreto que sólo una de las dos personas conoce. Los admiradores del escritor colombiano disfrutarán muchísimo el libro de Beatriz".

Álvaro Vargas Llosa.
