MEDICAL TERRORISM THRILLER

It's the new age of terrorism, where enemy interests employ the use of modern tools, weapons, tactics, and theories to achieve goals that have destructive, bone-chilling, and disturbing physical and emotional effects. Today's terrorists are tech-savvy, manipulative, powerful, well-funded, and supported by entire networks of global experts.

A Scottish offshore drilling platform in the North Sea becomes unresponsive to all communication attempts.

In Moscow, the Russian president and his top advisors seek the best, fastest strategies to defeat and ruin the United States. More recently, that includes government-sanctioned terrorism.

A commercial flight, carrying 423 passengers and 18 crew from Tokyo to San Francisco, disappears in the middle of the Pacific Ocean. Why?

In the new age of terrorism, nothing is what it seems.

No one is safe.

There's no willpower, no intelligence, and no spirit that won't succumb to the right mix of drugs.

A captivating and unsettling page-turner, *The Ghost Pattern* explores a new dimension of terrorism, one that happens around the world on a daily basis without making any headlines. Or without making the right headlines. What's really going on behind the scenes?

Alex Hoffmann returns as the heroine of *The Ghost Pattern*. She embarks on a breathtaking expedition to stop a brilliant terrorist in his tracks. Risking her life and challenging everyone's beliefs, she is relentless to find the truth and the man who threatens the core of human existence.

Join Alex on an explosive mission as she ventures behind enemy lines in a heart-stopping race against time and against all odds, in this fast-paced, riveting medical terrorism thriller.

Fans of Jack Ryan, Jason Bourne, and Jack Reacher will enjoy Alex Hoffmann.
