Israeli Democracy at the Crossroads: v. 1 (Israeli History, Politics and Society)

Israeli Democracy at the Crossroads: v. 1 (Israeli History, Politics and Society)

In recent years, the discussion about Israel was dominated by post-Zionist, post-Israeli opinions. Important voices that represent large sectors of Israeli society were not heard. To somewhat change this situation, some of the best scholars in their respective fields participate in this ultimate collection of essays about Israeli society, its politics and schisms. The book aims to tackle timely concerns, like Israel's fight against terror, its relationships with the Palestinians, the mutual relationships between the civic society and the army, the status of women in society, and separation between state and religion. Particular attention is given to probing the state of human rights, minority rights, and health rights. The volume also discusses the tensions between liberalism and socialism, between state and religion, and between immigration groups, most notably resulting from the immigration from the former Soviet Union.
