Robopocalipsis (Spanish Edition)

Daniel Wilson

Robopocalipsis (Spanish Edition) Daniel Wilson Están en tu casa. Están en tu coche. Están en el cielo. Y ahora vienen a por ti.

En un futuro cercano, una unidad de inteligencia artificial llamada Archos se activa sola y mata al hombre que la creó. Con este primer acto de traición, Archos inicia el siniestro proceso que la llevará a controlar la red de máquinas y la sofisticada tecnología que regula nuestro mundo. Unos meses más tarde, todos los dispositivos mecánicos se sublevan, haciendo estallar la Guerra de los Robots, una sangrienta ofensiva que diezma a la población humana y que, por primera vez en la historia, hace que hombres y mujeres de orígenes y creencias dispares se unan sin reservas. Durante cinco años librarán una lucha épica, impulsados por una única y férrea motivación: la supervivencia de su especie.

Poblada por protagonistas inolvidables, *Robopocalipsis* es una electrizante y entretenida novela futurista sobre el lado oscuro de la evolución tecnológica.

"Profundamente inquietante... Wilson mantiene un excelente ritmo, creando una apasiónate historia sobre los peligros tecnológicos en nuestras vidas". —Los Angeles Times
