Bad Banks: Greed, Incompetence and the Next Global Crisis Alex Brummer

***Bad Banks* is a gripping account of the problems and scandals that continue to bedevil the world's banking system some eight years after the credit crunch.**

It follows the fortunes and misfortunes of individual banks, from RBS to Lloyds. It exposes instances of mis-selling, money laundering, interest rate fixing and incompetence. And it considers the bigger picture: how the failings of the world's banking system are threatening to undermine our future economic security. Alex Brummer, the City Editor of the *Daily Mail*, has had access to all the major players, from HBOS's Andy Hornby, to former Governor of the Bank of England Sir Mervyn King, to the ex-Chief Executive of Barclays, Bob Diamond, to Lloyds' António Horta-Osório. His book is an insightful – and terrifying – account of institutions once renowned for their probity, but now all too often a byword for incompetence, and worse.
