Living Extinct (Werewolves of Malta, Book Two) Lorie O'Clare

Book 2 in the Werewolves of Malta series. Many believe Malta werewolves can no longer be allowed to exist. Werewolves biochemically altered to make them stronger, faster and able to do things others can't must be destroyed. Moira Tangaree runs from Malta, fleeing with only her memories. As she moves from pack to pack, catching the criminals no other werewolf can apprehend, the emptiness inside her grows. She longs for a werewolf who will love her and a place to call home. Years have passed since the destruction of the Malta werewolves and Dante Aldo has kept his word to Moira's sire to give aid where he can. Now it's time to collect his prize — Moira. She will be his mate, run by his side, honor and love him. Dante faces the biggest challenge of his life — convince Moira that she was meant to be his when she believes he's responsible for destroying everything and everyone she's ever loved. Her heart is closed and it might take all the seduction he can master to open her to him...and to the rebirth of the Werewolves of Malta.
