Allgemeine Geologie (Geowissenschaften kompakt) (German Edition) Peter Rothe

Die Allgemeine Geologie umfasst die phänomenologischen und theoretischen Aspekte der Geologie und untersucht die strukturelle und stoffliche Entwicklung der Erde. Die wichtigsten Themengebiete der Allgemeinen Geologie sind die oberflächennahen und unterirdischen Kräfte (endogene und exogene Dynamik), die auf den Erdkörper einwirken, sowie die daraus folgende Entstehung und Klassifizierung der Gesteine.

Kurz, knapp und prägnant stellt Peter Rothe die wichtigsten Grundlagen der Allgemeinen Geologie dar. Es erklärt die vielfältigen Zusammenhänge und geologisch wirksamen Prozesse sowie die inneren und äußeren Kräfte, die auf das System Erde einwirken und dieses prägen: von der Verwitterung und Bodenbildung bis hin zu Tektonik, Vulkanismus und Erdbeben.

Das Buch stellt die geologischen Sachverhalte und Prozesse leicht verständlich dar und dient als Kurzeinführung für Studierende der Geologie und der benachbarten Fächer ebenso wie für alle an Geologie interessierten Laien.

From reader reviews:

Christina Love:

This Allgemeine Geologie (Geowissenschaften kompakt) (German Edition) are usually reliable for you who want to be considered a successful person, why. The key reason why of this Allgemeine Geologie (Geowissenschaften kompakt) (German Edition) can be one of several great books you must have is usually giving you more than just simple looking at food but feed an individual with information that might be will shock your previous knowledge. This book will be handy, you can bring it just about everywhere and whenever your conditions in the e-book and printed types. Beside that this Allgemeine Geologie (Geowissenschaften kompakt) (German Edition) giving you an enormous of experience for example rich vocabulary, giving you trial of critical thinking that we know it useful in your day exercise. So , let's have it and revel in reading.

Dorothy Marr:

Reading a reserve tends to be new life style in this era globalization. With examining you can get a lot of information that can give you benefit in your life. Having book everyone in this world can easily share their idea. Publications can also inspire a lot of people. Many author can inspire all their reader with their story or even their experience. Not only the story that share in the books. But also they write about the ability about something that you need instance. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors nowadays always try to improve their ability in writing, they also doing some research before they write on their book. One of them is this Allgemeine Geologie (Geowissenschaften kompakt) (German Edition).

Michelle Chase:

The reason why? Because this Allgemeine Geologie (Geowissenschaften kompakt) (German Edition) is an unordinary book that the inside of the book waiting for you to snap this but latter it will zap you with the secret this inside. Reading this book close to it was fantastic author who else write the book in such incredible way makes the content within easier to understand, entertaining technique but still convey the meaning entirely. So , it is good for you for not hesitating having this anymore or you going to regret it. This excellent book will give you a lot of advantages than the other book have such as help improving your skill and your critical thinking method. So , still want to hesitate having that book? If I had been you I will go to the e-book store hurriedly.

William Hayes:

Within this era which is the greater man or who has ability in doing something more are more important than other. Do you want to become considered one of it? It is just simple method to have that. What you are related is just spending your time almost no but quite enough to enjoy a look at some books. One of several books in the top collection in your reading list is Allgemeine Geologie (Geowissenschaften kompakt)

(German Edition). This book and that is qualified as The Hungry Inclines can get you closer in growing to be precious person. By looking right up and review this reserve you can get many advantages.
