El emperador de todos los males: Una biografia del Cancer (The Emperor of all Maladies: A Biography of Cancer) (Spanish Edition) Siddhartha Mukherjee

Where do we stand in our battle against cancer and how have we reached this point? In which ways has our view of the disease changed, and how has this influenced the evolution of its evil trajectory? Are we winning or losing the war against cancer? In this Pulitzer-Prize winning work, physician, researcher, and award-winning science writer, Siddhartha Mukherjee examines cancer with a cellular biologist's precision, a historian's perspective, and a biographer's passion. Riveting, urgent, and surprising, The Emperor of All Maladies provides a fascinating glimpse into the future of cancer treatments. It is an illuminating book that provides hope and clarity to those seeking to demystify cancer.

Spanish Description: En que punto nos encontramos en nuestra batalla contra el cancer y como hemos llegado hasta aqui? De que forma ha ido cambiando nuestra imagen de esta enfermedad y como ha influido esa evolucion en la propia trayectoria del mal? Estamos ganando o perdiendo la guerra contra el cancer? Esta magistral obra, ganadora del Premio Pulitzer, responde a estas preguntas partiendo de una reciente consideracion: el cancer no es solo un fenomeno medico. Se trata tambien de un fenomeno social que ocupa un complejo espacio cultural y politico. Su historia no puede contarse exclusivamente como un ensayo cientifico sino tambien como un relato profundamente humano. Este guarda testimonios de lucha y optimismo, de descubrimientos revolucionarios y terribles decepciones, de heroes y victimas, y de la incansable busqueda de una cura. Siddhartha Mukherjee ha realizado una labor epica en la que aborda el cancer con la precision de un biologo celular, la riqueza en detalles de un novelista, el registro de un historiador y la pasion de un biografo. Desde Atosa, la reina de Persia, que dio instrucciones a un esclavo para que le extirpara un pecho, hasta Carla, una de sus pacientes, Siddhartha Mukherjee aborda en este fascinante libro mas de 5.000 anos de descubrimientos, obstaculos, victorias y muerte.

Adam Youngblood:

As a pupil exactly feel bored to be able to reading. If their teacher requested them to go to the library or even make summary for some e-book, they are complained. Just very little students that has reading's soul or real their leisure activity. They just do what the trainer want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that reading through is not important, boring in addition to can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this El emperador de todos los males: Una biografia del Cancer (The Emperor of all Maladies: A Biography of Cancer) (Spanish Edition) can make you experience more

interested to read.
