**La consultazione clinica con il bambino (Psicologia in pratica) (Italian Edition)** Carla Candelori, Carmen Trumello

Nel periodo della scuola primaria i bambini possono manifestare difficoltà interne attraverso espressioni sintomatologiche diverse. Il volume offre gli strumenti per effettuare la consultazione clinica con i bambini e con i loro genitori, in presenza di problematiche come l'aggressività, il disturbo da attenzione/iperattività, i disturbi del comportamento alimentare, la depressione. Attraverso una serie di casi esemplificativi viene proposto un modello di intervento che fin dal primo colloquio permette di entrare in contatto con il bambino, fornendogli aiuto e alleviandone la sofferenza.
