Othello (Shakespeare Handbooks) Stuart Hampton-Reeves

Othello is one of Shakespeare's most theatrically striking plays. This Handbook focuses on *Othello* as a dramatic work which exploits the resources of the early modern stage and yet still challenges contemporary theatres. Exploring race and gender as performance issues throughout the study, Stuart Hampton-Reeves:

- examines the play's earliest performances and the problem of staging darkness on Shakespeare's stage
- analyses the play from a performance point of view scene by scene, line by line
- surveys key productions and films, tracing the play's move away from mainstream theatres
- draws together the latest criticism on *Othello*'s treatment of identity and sexuality.
