Segni e sintomi inusuali o rari in pediatria (Italian Edition) Chiara Giovannozzi

Agile per formato e modalità di consultazione, il libro offre al pediatra un aiuto nell'interpretare quei segni e sintomi che, pur essendo infrequenti e a volte decisamente rari, spesso sono la chiave risolutiva dell'indagine diagnostica. Alcuni segni sono più comuni, o persino banali, ma sono proprio questi a indirizzare la diagnosi differenziale.

Altri sono sicuramente meno frequenti e fanno temere di non riuscire a interpretarli in nessun modo, a meno che non arrivi in aiuto la memoria, l'articolo sulla rivista scientifica o sia disponibile, nella tasca del camice, un volumetto come questo che descrive l'esperienza di un collega.
