The Count of Monte Cristo as Retold by Sherlock Holmes Holy Ghost Writer

The Count of Monte Cristo as Retold by Sherlock Holmes begins with a condensed retelling of The Count of Monte Cristo by Alexandre Dumas, related through the voice of Sherlock Holmes. Subsequent sequels include exhilarating new adventures, characters, and ideas, carrying the reader through this book I, leading to book II and with book III promising an ever-expanding new series based on the classic.

The author consulted the original French as well as the oldest English translations of The Count of Monte Cristo, yet the style of the retelling, in the distinctive voice of a Sherlock Holmes that studied at Yale, constitutes a new work. Books II and III, soon to follow, are wholly original sequels although they include characters from the original classic.

The author of The Count of Monte Cristo as Retold by Sherlock Holmes enjoyed the 2003 translation by Robin Buss of the The Count of Monte Cristo, which helped to inspire both this work and the first sequel in this series, The Sultan of Monte Cristo. The (2003) unabridged translation by Buss, however, is indispensable to fully appreciate the original story.

Those who have already had the pleasure of reading The Sultan of Monte Cristo will certainly appreciate the unique way in which the Holy Ghost Writer has expanded the original story in the sequels to follow, without the help of anyone (except perhaps from the ghosts of Dumas and Doyle).

While The Count of Monte Cristo has been enjoyed by millions as a stand-alone work, this work is an even easier read of the original classic, as it has a condensed version of the original story, uniquely retold in the voice of an Americanized Sherlock Holmes.

This edition does not include book II (Sultan of Monte Cristo) or III (Sovereign Order of Monte Cristo) yet it does include a sneak preview of Book II.
