Salty: A Novel Mark Haskell Smith

“Smith gets the details of mid-level rock stardom just right ... mixing laughs and satire like a cross between Carl Hiaasen and Ross Thomas. A-” —*Entertainment Weekly*

From the author of *Moist* and *Delicious* comes a raucous comic novel where anything goes. Turk Henry, an overweight, unemployed rock star married to a supermodel, has discovered that Thailand is probably the last place a recovering sex addict should go on vacation, yet here he is, surrounded by topless groupies and haunted by the stares of hundreds of luscious bar girls. Turk's struggles with monogamy, however, pale beside a greater challenge when his wife is abducted by a group of renegade, shipless Thai pirates. As Turk, whose life skills are limited to playing bass and partying, navigates the back alleys of Bangkok and the deadly jungles of Southeast Asia to save his wife, *Salty* heats up and sweats bullets. Featuring skinflint American tourists, topless beaches, a hypochondriac U.S. government agent, suitcases loaded with cash, an over-eager full-service personal assistant, a horny Australian commando, inventive prostitutes, and an urbane pirate with a fetish for alabaster skin, this is a hilariously entertaining, thoroughly debauched caper novel — with a happy finish.

If you can make looking at a book Salty: A Novel for being your habit, you can get more advantages, like add your own personal capable, increase your knowledge about some or all subjects. You are able to know everything if you like open up and read a guide Salty: A Novel. Kinds of book are several. It means that, science publication or encyclopedia or others. So , how do you think about this book?

Shameka Nye:

What do you think about book? It is just for students because they are still students or that for all people in the world, what best subject for that? Merely you can be answered for that query above. Every person has different personality and hobby for every other. Don't to be forced someone or something that they don't want do that. You must know how great and important the book Salty: A Novel. All type of book can you see on many resources. You can look for the internet options or other social media.

Rose Hilton:

In this era globalization it is important to someone to acquire information. The information will make a professional understand the condition of the world. The health of the world makes the information much easier to share. You can find a lot of referrals to get information example: internet, newspapers, book, and soon. You can view that now, a lot of publisher which print many kinds of book. Typically the book that recommended to you is Salty: A Novel this book consist a lot of the information of the condition of this world now. That book was represented how can the world has grown up. The language styles that writer use to explain it is easy to understand. The actual writer made some study when he makes this book. This is why this book acceptable all of you.

Tracy Zapata:

As a university student exactly feel bored in order to reading. If their teacher expected them to go to the library in order to make summary for some e-book, they are complained. Just tiny students that has reading's heart or real their interest. They just do what the teacher want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that examining is not important, boring along with can't see colorful images on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Salty: A Novel can make you sense more interested to read.
